## Football Clinic Is On Sept. 9

Football season, without the traditional sere leaf and nippy weather, but with a burst of Glades enthusiasm, will officially begin Sept. 9 with the Lions-sponsored "Football Jamboree" at Pahokee's Lair Field. Pahokee Lions President Clyde Canipe, in the dual capacity of heading up the host club and the host team's school, announced Jamboree plans yesterday.

The 1954 Suncoast League victors, the Pahokee Blue Devils, the Belle Glade Rams, the Clewiston Tigers, and the Okeechobee Brahms will be on the field that night with a new clinic format.

They will engage in competitive relay races, and punting and throwing contests. Each of the four teams will demonstrate a phase of football technique—offensive, defensive, trick plays, and kick returns. Officials will demonstrate and explain rules.

The Jamboree will be jointly sponsored by the Pahokee, Belle Glade, South Bay, Clewiston, and Okeechobee Lions.

Meanwhile, the Rams and the Blue Devils were hard at work in their first week of practice.

### Belle Glade

In Belle Glade, Coach Calvin Peacock is setting up a 'B' team of ninth and 10th grade players, to keep his sources of supply wide open as he tries to fill his quarterback and end positions.

The junior high team will be no more, and Peacock will oversee the new 'B' team so that they get to know his plays. C. E. Godwin will be the team's (Continued on Page 10)

The car will be used for driving instruction of Belle Glade and Pahokee high school students by W. A. Slaughter, left, shown receiving the keys to the car from President M. P. Stanley.

## 70-DAY SEASON ON WATERFOWL

**TALLAHASSEE**—Migratory waterfowl hunters will have open season of 70 consecutive days from Nov. 7 through Jan. 15, under regulations announced this week by A. D. Aldrich, director, Game and Fresh Water Fish Commission.

Hunting will begin one-half hour before sunrise and continue to sunset each day, including opening day. Daily bag limit and total possession limits remain at four and eight on ducks, two and four on geese, and 10 and 10 on coot. Only one wood duck will be permitted in day's bag, and two in possession, Aldrich said.

The 70-day waterfowl season represents an extension of 10 days over the 1954-55 season of 60 days. Flights of migratory waterfowl are expected to be the best since 1952.

All outstanding permits to hunt wild hogs in the Everglades Wildlife Management area in Dade, Broward and Palm Beach counties will be cancelled Aug. 31, according to Aldrich. He said the cancellation results from recent rule set by the Commission which defines the wild hog as a game animal in the 720,000-acre Everglades Management Area, and allows them to be taken only during the open season for deer. After the 31st, the Everglades Management Area wild hogs may be taken only from Nov. 23 through Jan. 8.

The Indians liked to stay in many of Florida's State Parks. This is evident from the many pottery fragments and other artifacts found in some of them.

## Collier New Head Of Legion Board

**PAHOKEE** — Paul Collier was elected chairman for the new term of the board of directors of American Legion Post 90, Inc., at a meeting Wednesday night.

Serving with Collier on the board for the coming year will be A. E. Funderburk, vice-chairman; Ralph O. Johnson, secretary; Billy McKinstry, treasurer; Gordon Hand, C. W. Pell, and William S. Plumer.

Collier replaces Perry Duke, whose term expired. The Legion board Wednesday also made plans for completion of the new addition to its home.

## New Chief To Go In Monday At South Bay

**SOUTH BAY** — City Council will appoint a new police chief to fill out the unexpired term of suspended R. C. White, at its meeting Monday night.

Following suspension of White at a special meeting Wednesday night on charges of "gross neglect or dereliction of duty", Council named Patrolman Frank Cline acting chief until its 7 p. m. session Monday.

## BG P.O. ASKS ADDRESS HELP

**BELLE GLADE** — The day when Postmaster George P. Farnall and two employees knew everybody in town is long past, and now, the postmaster said this week, a drive to make patrons "address conscious" will be in force.

About 66% of the mail received at the local postoffice is either incorrectly addressed or has no address at all, Farnall said. In the future, to start corrective habits among post office patrons, each carrier and clerk will be instructed to deliver mail as addressed (whether to box or to street), unless the recipient has filed a "contrary order." Such an order means that if he wishes to get all mail at his box he can do so by filing a change of address, the same to apply to persons wishing all mail to come to their residences.

Otherwise, mail will be delivered as addressed, regardless, Farnall said.

The postmaster asked that all persons living within the carrier zones have house numbers placed so that they can be read from a distance whether they receive mail by carrier or not. The existence of such numbers helps in determining location of other addresses on the carrier's route, Farnall said. Numbers which have been painted over should be repainted in contrasting color, or new contrasting numbers placed where they can be easily seen from the street.

## TOMMY ELLIOTT HAS SCHOLARSHIP

**GAINESVILLE** — Thomas L. Elliott, Jr., son of Mr. and Mrs. T. L. Elliott, Sr., Pahokee, has been awarded a \$250 Food Fair Foundation scholarship at the University of Florida for the next academic year, R. C. Beatty, dean of men, announced this week.

A recent graduate of Pahokee high school, Elliott is one of six students in the state to receive one of these awards. Established in 1954, the Foundation scholarship program offers scholarships in Dade, Broward, and Palm Beach counties on the basis of civic interest, leadership, and scholarship.

Whoever is designated chief at that time will serve until the election Oct. 4.

White was not present Wednesday when Councilmen W. M. Jeffries, W. C. Allen, I. P. Roberts and Mayor S. J. Fisher adopted and passed the resolution suspending him without pay from the date of his original suspension by Mayor Fisher effective for the duration of his term. Councilman and Police Commissioner F. W. Kelley voted against the resolution, saying he didn't think any of the charges against White had been proved.

White was admitted to Belle Glade Memorial Hospital for observation Tuesday, and at OBSERVER press-time was still there and unavailable for comment.

Originally, Council was to act last Friday on the six-point bill of complaint filed against White by J. C. Stokes, after a study of briefs of Complainant's Attorney Ralph O. Johnson and Defense Attorney Jordan Johnson.

Decision was postponed for further study of the briefs by City Attorney Claude Jones. At Wednesday's meeting, Jones advised the Mayor to rule for accepting as evidence the traffic bond receipt books and mayor's court docket books which Ralph Johnson had introduced at last week's hearing and to which Jordan Johnson had later objected. Mayor Fisher so ruled.

Jones advised councilmen on the interpretation of "gross neglect," and "dereliction", and told them they would have to make up their own minds if the charge against Chief White was applicable. When the resolution was passed, Jones said he would stand behind Council's decision, and could make a case if the matter should go to court.

## Mrs. Simmons Is With Senter Firm

**BELLE GLADE** — Mrs. Dorothy Simmons has joined the staff of Sam Senter, grower and shipper, he announced this week.

Mrs. Simmons, who has been associated with the Glades produce industry since 1943, will be office manager of the firm, Senter said.

A native of Ochlocknee, Ga., Mrs. Simmons is a resident of Pahokee. She is a graduate of Pahokee high school.

Stalactites grow downward so they must hold tight in Florida Caverns State Park at Marianna. Stalagmites grow upward; when they join they are called "pillars".

**SIT STILL, PROFESSOR:**  
Remember Professor Bartley?  
He's the fellow who was on  
leave from the University of  
Florida to study the ways of  
Congressmen. His year was up  
two months ago and he returned  
to the university, ready to  
teach this semester. But, maybe  
he learned too well, because  
he hardly reached Gainesville  
when he was "called back" for  
a special job.

The prestige was so great  
that the university let him have  
more leave—he accepted the  
new assignment, all the way to  
Alaska, as a special legislative  
consultant to the Alaska State-  
hood Committee. He writes an  
exciting letter. His work in that  
fabulous wilderness sounds un-  
believable, but he adds a note  
that he hopes to be back in  
Florida before winter sets in.

**IDEAL CANDIDATE?** Last  
week when Congressman Dante  
Fascell was eating breakfast in  
the House cafeteria, he was be-  
moaning the fact that his work  
was keeping him in Washing-  
ton. "It looks like I'll be here  
for two more days," he said. "I

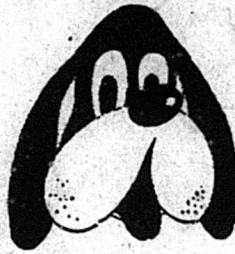

wish I could get on to Miami."  
We asked why so anxious. "I'm  
in a hurry to get home so I can  
start campaigning." "Cam-  
paigning?" we asked, "who in  
the world are you running  
against?" "I'm running," Dante  
said, "against an imaginary fel-  
low about six feet two inches  
tall, with the speaking voice of  
William Jennings Bryan, the  
wisdom of Demosthenes, the  
political appeal of Senator  
Smathers and the dignity of  
Senator Holland."

**HOLD THOSE REPUBLI-  
CANS:** More than 1200 Demo-  
crats are expected to gather for  
a free feed in honor of **Congressman Paul Rogers** tonight  
in Ft. Lauderdale. With that  
sort of a beginning, Paul plans  
to stump his district (11 coun-  
ties) for the next four and a  
half months, speaking, shaking  
hands and cementing friend-  
ships. Florida's Republican lead-  
ers have their eyes on his job  
and probably will go all out  
to unseat him. But, with the  
record he has run up in Con-  
gress this session, the odds are  
all in his favor.

## NAVY HURRICANE-HUNTER EXHIBIT MON. AFTERNOON

The public, especially young  
men 17 to 31 years of age, is in-  
vited to a Navy hurricane-  
hunter exhibition at Palm  
Beach International Airport  
Monday from 1 to 4 p.m., Chief  
J. A. Tillman, Navy Recruiter,  
said this week.

The exhibit, which will in-  
clude a specially equipped  
P2V5J Neptune plane, with the  
pilot and crew present to an-  
swer questions, is part of the  
campaign to recruit Florida  
young men for a naval aviation  
unit to be known as the "Hurri-  
caners," Chief Tillman said.

BY SCHATZI

Greetings! I am some better,  
thank you, due in large part to  
this:

"Dear Schatzi:  
"I was most distressed to  
learn that you are a victim of  
ennui, particularly since it ap-  
pears that you were stricken  
just at the end of an incubation  
period which fits the time of  
my last visit to the Lake Shore  
Press premises.

"If so, you are a victim of  
malignant epidemic (or in this  
case epizootic) ennui, a painful  
but temporary creeping paraly-  
sis accompanied by delusions. I  
have the misfortune to be a car-  
rier of this dread disease, and  
also of a related form known as  
sudden sporadic ennui.

"As a public speaker, I have  
seen my audiences stricken  
with the latter without warning  
and only an alert few of the  
members, who discover early  
that they have appointments  
elsewhere, escape its full con-  
sequences. Decline into a state  
of mental and physical inertia,  
with marked lassitude, is very  
rapid, and recovery may take  
several days, particularly if the  
address was preceded by a  
heavy meal.

"Since you have not had to  
listen to one of my speeches, the  
diagnosis in your case appears  
to be m.e. ennui rather than s.  
ennui. Among humans, there  
is an alleviating remedy, al-  
though there is no real cure ex-  
cept the passage of time or the  
gathering together of creditors  
in a ceremony similar to the  
medicine dance among the Na-  
vajo. The palliative consists of  
a process involving the use of a  
long cane pole, a piece of string  
a cork, a fish-hook and some  
worms.

"It is too complicated to de-  
scribe in detail here, but in gen-  
eral it consists of assembling  
the equipment described and  
laying it out in such a way that  
the pole is on the ground under  
a shady tree, and the string,  
with the appendages described,  
is in the water. The human then  
lies down roughly parallel to  
the pole, and the ennui passes  
in some manner not clearly un-  
derstood to the cork, which re-  
mains motionless. Unless fish in  
the water interfere, after the  
passage of a few hours the hu-  
man rises with an awareness of  
the futility of wasting time, and  
gets back to work. This mood  
doesn't last long, but it does  
give some temporary relief.

"The only danger involved is  
related to the possible presence  
of fish. Should one become af-  
fixed in some manner to the  
hook, the whole treatment fails,  
and the human may become  
frenzied for several days with a  
disease even worse than ennui.  
You might take the risk, how-  
ever. I have been hampered in  
the cure by the absence of  
worms around here. Do you  
have worms? — I beg your  
pardon!

Your affectionate admirer  
Frederick H. Bair, Jr."

## Gaging Stations In Full Operation

All 15 Lake Okeechobee gag-  
ing stations, operated by the  
Corps of Engineers to obtain  
meteorological data for use in  
design of flood-control works,  
have been activated in prepara-  
tion for the current hurricane  
season, and will operate until  
Nov. 20, the Engineers have an-  
nounced.

Eight of the stations are  
mounted on Coast Guard naviga-  
tion light stations in the lake.  
Six are installed at hurricane  
gate structures in the lake leve-  
es, and one is located on the  
east shore of the lake at Port  
Mayaca.

These stations are equipped  
with instruments for measuring  
and recording wind speed, wave  
height, water level, and baro-  
metric pressure. The most inter-  
esting of these instruments is  
the wave-height recorder. It  
consists of 100 spark plugs spaced  
at 2 1/2 inch intervals along a  
vertical staff mounted on the  
structures. As a wave passes over  
the spark plugs, an electrical  
impulse is created which is re-  
corded on a continuous tape,  
providing a permanent graph of  
the wave.

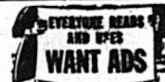

The highest wave recorded on  
Lake Okeechobee since the  
gages were established in 1949  
was 8 feet 8 inches during the  
hurricane of Aug. 27, 1949. The  
greatest change in the Okecho-  
bee water level recorded since  
gag installation was 10 feet in  
a nine-hour period. This was al-  
so during the August 1949 hur-  
ricane.

## CALCIUM NEEDED FOR CATTLE

**GAINESVILLE** — If no leg-  
umes are included in a fatten-  
ing ration for cattle, there may  
be a deficiency of calcium in  
the feed, cautions Dr. T. J.  
Cunha, head of the animal hus-  
bandry and nutrition depart-  
ment in the University of  
Florida Agricultural Experiment  
Station. This element is  
needed because it contributes to  
the animal's bone development.  
It is most important in rations  
for young animals.

Calcium may be supplied in  
many forms, such as pulverized  
limestone, oystershell, or cal-  
cium carbonate. One ounce of  
calcium in the daily ration in  
any of these forms should make  
up for any calcium deficiency  
due to the absence of legumes,  
he suggests.

Other valuable calcium  
supplements mentioned by Dr.  
Cunha are bonemeal and de-  
fluorinated rock phosphate.  
They contain both calcium and  
phosphorus.

## New Elk Dep. Ruler

FRASER

John L. Walker, grand exalt-  
ed ruler of the Benevolent and  
Protective Order of Elks, has  
announced the appointment of  
Lewis J. (Luke) Fraser as dis-  
trict deputy grand exalted rul-  
er for the South Central district  
of the state of Florida, a juris-  
diction including lodges in Belle  
Glade, Clewiston, Delray Beach,  
Ft. Myers, Ft. Pierce, Lake  
Worth, Stuart-Jensen, Vero  
Beach, West Palm Beach, and  
Pahokee. District Deputy Fraser  
has just attended a regional  
conference of district deputies  
called by the grand exalted rul-  
er. Fraser was exalted ruler of  
Pahokee Lodge No. 1638 in  
1945-46 and 47 serving two  
terms, and trustee for five  
years. Last year he was elected  
a vice president of the Florida  
State Elks Association, Inc.,  
with jurisdiction over the South  
Central Division.

## Portable Milking Parlors In Glades?

Everglades pastures produce  
excellent forage and the prob-  
lem of feeding beef cattle on the  
trembling muck land has been  
worked out very well, but how  
to raise producing dairy cattle  
on similar land and forage is a  
puzzle because of the character  
of the soil which makes it diffi-  
cult to drive them to and from  
pasture for milking twice daily.

Heavy rains make the ground  
almost impassable. There is an  
additional problem in keeping  
the animals clean, especially the  
feet, for the wet muck clings  
and hardens and is carried back  
and forth.

In August Grower and Ranch-  
er Magazine, three scientists  
have an article which proposes  
a type of portable milking par-  
lor with washing equipment and  
milk room. Six cows could be  
milked at a time. The milking  
parlor would be moved forward  
in the pasture a short distance  
each day by tractor or winch  
and cable. The milking unit  
would have feed storage bins  
overhead for one or more days'  
supply.

Even the new hit in hardtops—the 4-Door Riviera—is included in our profit-sharing bonus deals today. Shown here is the low-price Buick SPECIAL, 6-Passenger, 4-Door Riviera, Model 43. Also available in the supremely powered CENTURY Series as Model 63.

**Y**ou can come in right now on a Buick dividend distribution that's like money in the bank for you. And a look at the nation's new-car sales figures will tell you why.

*This year, Buick is doing far better than just outselling all cars in America except the two most widely known smaller ones. This year, Buick sales are soaring past every high-water mark in the book—past 600,000 cars—and we're still going strong.*

So we're declaring an extra dividend—for you. On top of the long trade-in allowances we have been making all year, we're adding a profit-sharing bonus allowance.

But you'll be getting a lot more than a great deal. You'll be getting a great car—the hottest-selling Buick in history.

You'll be getting Buick's far-in-advance

styling, Buick's mightiest V8 power, Buick's highly envied all-coil-spring ride, Buick's extra size and room and comfort and solidity of structure. And you'll be getting the performance thrill of the year—Variable Pitch Dynaflo\*—the switch-pitch transmission that's taken the country by storm.

Come in today and see for yourself that there's never been a car like this before—and never a deal so easy to make.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—

## BG TEACHERS READY TO GO

**BELLE GLADE** — The faculty of the Belle Glade schools will join the rest of the teachers of South Florida in going back to school Monday morning.

Five new teachers here include Miss Patsy Chamblee, for the new section of the second grade; Miss Joanne Wall, fourth grade; Renford Dean, fifth and sixth grade combination; Mr. Comb, sixth grade; and Harris Francis, high school mathematics.

Mrs. Margaret Earwood will be full-time art instructor this year, instead of dividing her time between Belle Glade and Pahokee schools, Principal F. O. Hobson has announced.

Monday at 8:30 a.m., all teachers will report to their regular schools and until 10:30 a.m. there will be a joint faculty meeting. At 1 p.m., all teachers will meet in a county-wide session at Lake Worth high school. Tuesday, Aug. 23, there will be group and departmental meetings at West Palm Beach, and Wednesday, the teachers will again be at their regular schools; Thursday the teachers of seven counties will meet together in Ft. Pierce. Then, from Friday on, the teachers will all be once again at their regular schools planning the year's work.

## 3 New Teachers For So. Bay School

**SOUTH BAY** — Teachers for the South Bay school, reporting for the new school year Monday, will include three new faculty members.

Mrs. Emogene Scott will replace Mrs. Hector Ouelette in the fifth and sixth grades. George King of Belle Glade will teach the seventh and eighth grade math and science and Mrs. Ruth Snider will be music teacher for South Bay, Lake Harbor, Osceola and Canal Point, with South Bay as her home school.

Mrs. Scott has come here from Kentucky. Her husband will teach in the Canal Point school. Mrs. Snider is from West Virginia. King is a graduate of the Belle Glade high school and the Florida State University and was discharged from the Army last June.

Teachers returning are Mrs. Edythe Eckman, first grade; Mrs. Olga Hardy, second; Mrs. Edrie, third; Mrs. Lessie Martin, fourth; Steve Tsalkis, seventh and eighth English and social studies and Pellon Morris, principal. Mrs. Doris Binkley will return as cafeteria manager and Mrs. O. H. Martin as janitor and bus driver.

Although work on the school was late in getting started, a number of improvements have been made during the summer. Principal Morris reported. The floors in all the rooms have been refinished, the auditorium, cafeteria and halls have had a new coat of paint, and many repairs and improvements made.

## BG CANDIDATE DEADLINE IS NEXT WEDNESDAY

**BELLE GLADE** — With a half dozen candidates already in the race for three City Commission posts, City Clerk Frank Anderson issued a reminder this week that next Wednesday is the deadline for candidates to qualify for the Sept. 13 election.

As of yesterday, qualified candidates were J. Marvin Unwin and Incumbent H. O. Carlton in Northboro; J. H. Livingston, jr., and Incumbent Herman Close, Westboro; and N. B. Willis and Incumbent Z. T. Ingram in Centralboro.

## FOOTBALL —

(Continued From Page 1)

coach as well as varsity end coach. Hector Ouellette is varsity line coach and scout.

Peacock and South Bay's Pellon Morris are both setting up midlevel league teams of fifth, sixth, seventh, and 13-year-old eighth graders, which will get their early football learning by intramural games.

With a better, more experienced squad this year, Peacock said "We're on the climb," although he is aware that the graduation of Walt Mosley leaves a big gap to fill.

His team nucleus probably will be Wayne Bair, Glen Carraway, J. C. Womack, Donald Tanner, Leo James, Johnny Miller, Leon Burkett, Kenneth Norris, Jim Cowart, Jimmy Dooley, Charles Royal, Billy Jackson, Earl Armstrong, Wayne Mock and Vance Broome.

## Pahokee

Coach Webb Pell, with only a half-dozen veteran players left after graduation of the majority of the 1954 star Blue Devils, was nonetheless optimistic this week.

Pell and Assistant Coach William D. Howard started practice with the team Monday. The Devils are "in fair shape, but young," and about average size, Pell said. Only four or five seniors are on the squad, and Pell hopes that if the Devils can be whipped into shape for a successful season, he can keep a full team for the next couple of years.

Thirty-one players reported this week for practice. Chat Clark, Richard Weeks, Ronnie Hitchcock, Pat Turbeville, Max Beverly, and Holton Herring are back, and among the group with lesser experience were Ronnie Berry, Ronnie Goodson, Homer Latham, Dow McClelland, Ray Waddell, Mickey Ryals, James Dixon, Earl Kelly, Eugene Pearce, Harry Sheppard, Weldon Cardin, Wayne Hill, Charles Holly, Sam McKinstry, Clyde Alley, jr., Buddy Parker, Howard Pugh, Dale Stacy, James Stamps, Kenneth Sullivan, Earl Meredith, Clifford Stuart, Harry Elarbee, and Rex Anderson.

## TALENT SHOWS

**PAHOKEE** — Jimmy and Johnnie Stratton, of Chauncey Bay, were unanimous winners of the top grand prize in Malcolm Millar's Talent Scout Show at the Prince Theatre, Tuesday night. After tying the show in a knot the boys were forced to come back, after prize awardings, and do an encore.

Horace Scruggs captivated his audience with his first offering

and came away with a roar of applause from the crowd, placing him in line as second winner. Third place went to "The Stags", who offered two numbers in close harmony. Both numbers drew thunderous applause.

Other performers in the grand finale were Loris Rosenberg, Velma Teeple and W. C.

Harry Ellarbee, Glenda Crews, "The Little Deers", Keith Padgett, and The Jones Sisters.

**BELLE GLADE** — Jeanette Whittaker, presenting a graceful and intricate novelty acrobatic act, brought waves of applause and first place for herself at the Hugo Theatre last Thursday night in Malcolm Mill-

lar's Talent Scout Show.

Jack Hemphill took second place with his pleasant baritone voice and two song offerings. Leonard Higbee, at the piano, offered two difficult numbers and came away third. Other stars were Danny Willits, Ann Redman, the Jones Sisters from Pahokee, and the Stratton Brothers from Chauncey Bay.
